

Apache Shores Property Owners Association

Move-On Agreement

(For use w/ Manufactured/Industrialized (Modular)/Move-On Homes)

I, _____, will not move my home on to

Lot(s) _____ Block _____ Section _____

Street Address

until I have completed the building application process as required by Apache Shores Property Owners Association and received a building permit issued by Apache Shores Property Owners Association. A pre-requisite for Move-On Relocated or Used Manufactured Home is a pre-application inspection report that must be faxed, mailed or delivered to the ASPOA office: Attn: Architectural Review Board, 14919 General Williamson, Austin, TX 78734; Fax: (512) 266-3910.

I agree that I will make the required repairs or upgrades to the home once it is moved onto my lot in Apache Shores to bring the house into compliance without any detrimental environmental harm to Apache Shores.

I recognize the Apache Shores Property Owners Association's authority to regulate and permit move-on relocated / manufactured homes.

I understand that if I do move the home into Apache Shores before the building permit is issued OR the home is delivered to a location other than the one approved there is an initial fine of \$1000.00. Fines will continue to accrue at the rate of \$200.00 per day until I have removed the home from Apache Shores or submitted a completed Permit Application. I understand that all fines must be paid before a building permit will be issued.
